

Revision date: 05/10/2019

| 1.1. Identification Product form   | : Mixture  |
|--|--|
| Trade name   | : Diacon IGR   |
| Synonyms   | : 100506236; 100510274; 100510275; Diacon Stored Product Insects; EPA Reg. No.: 2724-427;  |
| o ynon yn io   | RF-9811 EC; Rizacon  |
| 1.2. Recommended use and restric   |  |
| Recommended use  | : Insect growth regulator.   |
| Restrictions on use  | : Keep out of reach of children. Avoid contact with eyes, skin and clothing. Do not use or store near heat or open flame. Do NOT take internally. Use only outdoors or in a well-ventilated area.  |
| 1.3. Supplier  |  |
| Wellmark International   |  |
| 1501 E. Woodfield Road, Suite 200W   |  |
| Schaumburg, IL 60173 - United States   |  |
| www.starbarproducts.com  |  |
| 1.4. Emergency telephone number  |  |
| Emergency number   | : 1-800-248-7763<br>1-800-424-9300 - CHEMTREC  |
|  | 1-800-424-9300 - CHEMTREC<br>1-703-527-3887 - CHEMTREC - Outside North America - Collect Calls Accepted  |
| SECTION 2: Hazard(s) identification  | tion   |
| 2.1. Classification of the substance   | e or mixture   |
| GHS-US classification  |  |
| Flammable liquids Category 4   | Combustible liquid   |
| Acute toxicity (inhalation) Category 4   | Harmful if inhaled   |
|  | Causas skin irritation   |
| Skin corrosion/irritation Category 2   | Causes skin irritation<br>(2A Causes serious eve irritation  |
| Skin corrosion/irritation Ćategory Ź<br>Serious eye damage/eye irritation Category<br>Specific target organ toxicity (single exposu  | / 2A Causes serious eye irritation<br>ure) Category 3 May cause drowsiness or dizziness  |

| Other hazards not contributing to the<br>classification          | : Under United States Regulations<br>product is considered hazardous    | (29 CFR 1910.1200 - Hazard Communica   | ation Standard), this |
| 2.4. Unknown acute toxicity (GHS US)                             |   |  |                       |
| Not applicable   |   |  |                       |
| SECTION 3: Composition/Informat                                  | ion on ingredients  |  |                       |
| 3.1. Substances  |   |  |                       |
| Not applicable   |   |  |                       |
| 3.2. Mixtures  |   |  |                       |
| Name   |   | Product identifier   | %                     |
| (s)-Methoprene Technical   |   | (CAS-No.) 65733-16-6   | 33.6                  |
| Distillates (petroleum), hydrotreated light                      |   | (CAS-No.) 64742-47-8   | 48.26                 |
| Butylated hydroxytoluene   |   | (CAS-No.) 128-37-0   | 1                     |
| Other ingredients  |   | (CAS-No.) N/A  | Balance               |
|  |   |  |                       |
| SECTION 4: First-aid measures                                    |   |  |                       |
| 4.1. Description of first aid measures                           |   |  |                       |
| First-aid measures after inhalation                              | : IF INHALED: Remove person to<br>CENTER or doctor/physician if ye      | fresh air and keep comfortable for breathi<br>ou feel unwell.  | ng. Call a POISON     |
| First-aid measures after skin contact                            | : IF ON SKIN: Wash with plenty of<br>irritation or rash occurs: Get med | soap and water. Take off contaminated clicitical advice/attention.   | othing. If skin       |
| First-aid measures after eye contact                             |   | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a physician immediately. If eye irritation persists: Get |                       |
| First-aid measures after ingestion                               |   | N CENTER or doctor/physician if you feel<br>NOT induce vomiting unless directed to d   |                       |
| 4.2. Most important symptoms and eff                             | fects (acute and delayed)   |  |                       |
| Symptoms/effects after inhalation                                | : Harmful if inhaled. May cause dr                                      | owsiness or dizziness.   |                       |
| Symptoms/effects after skin contact                              | : Causes skin irritation.   |  |                       |
| Symptoms/effects after eye contact                               | : Causes serious eye irritation.  |  |                       |
| Symptoms/effects after ingestion                                 | : Aspiration Hazard - may be fatal                                      | if swallowed and enters airways.   |                       |
| 4.3. Immediate medical attention and s<br>Treat symptomatically. | special treatment, if necessary   |  |                       |
| 51 5   |   |  |                       |
| SECTION 5: Fire-fighting measures                                |   |  |                       |
| 5.1. Suitable (and unsuitable) extingui                          | •   |  |                       |
| Suitable extinguishing media                                     | : Dry powder. Foam. Carbon dioxi  | de. water spray.   |                       |
| 5.2. Specific hazards arising from the                           | chemical  |  |                       |
| Fire hazard  | : Combustible liquid. Containers m                                      | • •  |                       |
| Reactivity   | : The product is non-reactive unde                                      | er normal conditions of use, storage and tra   | ansport.              |
| 5.3. Special protective equipment and                            | procautions for fire-fighters   |  |                       |
| epeens presente equiption and                                    | precautions for me-ingitters  |  |                       |

Safety Data Sheet

: Do not attempt to take action without suitable protective equipment. Self-contained breathing Protection during firefighting apparatus. Complete protective clothing. SECTION 6: Accidental release measures Personal precautions, protective equipment and emergency procedures 6.1. 6.1.1. For non-emergency personnel : No open flames, no sparks, and no smoking. Only qualified personnel equipped with suitable Emergency procedures protective equipment may intervene. Avoid breathing dust/fume/gas/mist/vapors/spray. 6.1.2. For emergency responders Protective equipment Do not attempt to take action without suitable protective equipment. For further information refer to section 8: Exposure controls/personal protection. Emergency procedures ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Evacuate unnecessary personnel. Stop leak if safe to do so. Ventilate area. Stay upwind. Wear appropriate personal protective equipment, avoid direct contact. 6.2. **Environmental precautions** Avoid release to the environment. Methods and material for containment and cleaning up 6.3. : Absorb spills with an inert material, clay granules or other inert absorbent material and put in Methods for cleaning up container for disposal. Wear appropriate personal protective equipment, avoid direct contact. SECTION 7: Handling and storage Precautions for safe handling 7.1. Precautions for safe handling : Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Wear personal protective equipment. Do not handle until all safety precautions have been read and understood. Use only outdoors or in a well-ventilated area. Avoid breathing dust/fume/gas/mist/vapors/spray. Avoid contact with skin and eyes. Separate working clothes from town clothes. Launder separately. Wash contaminated clothing Hygiene measures before reuse. Contaminated work clothing should not be allowed out of the workplace. Do not eat, drink or smoke when using this product. Always wash hands after handling the product. 7.2. Conditions for safe storage, including any incompatibilities Storage conditions Store in a well-ventilated place. Keep cool. Store locked up. Keep container tightly closed. Keep from freezing. Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F. Incompatible materials : Heat, sparks, open flame. Strong oxidizers. **SECTION 8: Exposure controls/personal protection** 8 1 **Control parameters** 

| Butylated hydroxytoluene (128-37-0) |                                |                     |

| 8.2.    | Appropriate engineering controls   |     |  |
|---------|------------------------------------|-----|--|
| Appropr | iate engineering controls          | :   | Adequate ventilation systems as needed to control concentrations of airborne contaminants below applicable threshold limit values. |
| Environ | mental exposure controls           | :   | Avoid release to the environment.  |
| 8.3.    | Individual protection measures/Per | sor | nal protective equipment   |
|         |                                    |     |  |

#### Hand protection:

Wear chemically resistant protective gloves.

#### Eye protection:

Chemical goggles or face shield

#### Skin and body protection:

It is recommended for handlers to wear appropriate clothing to prevent skin contact including long sleeves, long pants, socks and shoes.

Safety Data Sheet

#### **Respiratory protection:**

In case of insufficient ventilation, use NIOSH approved respiratory protection.

#### **SECTION 9: Physical and chemical properties** 9.1. Information on basic physical and chemical properties Physical state : Liquid : Clear light amber liquid Appearance Color : Light amber Odor : Chemical-like Odor threshold : No data available : 6.69 @ 25 °C (77 °F) pН Melting point : Not applicable Freezing point : No data available Boiling point : No data available • > 88 °F (>62 8 °C) Flash point

| : No data available            |
| : Not explosive                |
| : Not applicable               |
|                                |

9.2. Other information

No additional information available

### SECTION 10: Stability and reactivity

#### 10.1. Reactivity

The product is non-reactive under normal conditions of use, storage and transport.

#### 10.2. Chemical stability

Stable under normal conditions.

#### 10.3. Possibility of hazardous reactions

No dangerous reactions known under normal conditions of use.

#### 10.4. Conditions to avoid

Avoid contact with hot surfaces. Excessive heat > 110° F. Keep away from fire. No flames, no sparks. Eliminate all sources of ignition. Direct sunlight. Do not freeze.

#### 10.5. Incompatible materials

Strong oxidizing agents.

#### 10.6. Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced. May decompose upon heating to produce toxic vapors/gases.

Safety Data Sheet

### **SECTION 11: Toxicological information**

#### 11.1. Information on toxicological effects

|--|---|
| Acute toxicity (oral)                              | Not classified                                |
| Acute toxicity (dermal)                            | Not classified                                |
| Acute toxicity (inhalation)                        | Harmful if inhaled.                           |
| Skin corrosion/irritation                          | Causes skin irritation.                       |
| Serious eye damage/irritation                      | Causes serious eye irritation.                |
| Respiratory or skin sensitization                  | Not classified                                |
| Germ cells mutagen                                 | Not classified                                |
| Carcinogenicity                                    | Not classified                                |
| Reproductive toxicity                              | Not classified                                |
| Specific target organ toxicant (single exposure)   | May cause drowsiness or dizziness.            |
| Specific target organ toxicant (repeated exposure) | Not classified                                |
| Aspiration hazard                                  | May be fatal if swallowed and enters airways. |

#### Potential health effects

| Inhalation           |   |
|----------------------|---|
| Acute                | : May cause drowsiness and dizziness. Harmful if inhaled.   |
| Skin                 |   |
| Acute                | : Causes skin irritation.   |
| Eye                  |   |
| Acute                | : Causes serious eye irritation.  |
| Ingestion            |   |
| Acute                | : Aspiration hazard - small amounts of liquid aspirated into the lungs during ingestion or from vomiting may cause chemical pneumonitis or pulmonary edema. Harmful if swallowed. |
| Mutagenicity         | : (s)-Methoprene has been tested and found negative for mutagenicity potential.   |
| Carcinogenicity      | : (s)-Methoprene is not classified as a carcinogen by NTP, IARC or OSHA.  |
| Reproductive Effects | : (s)-Methoprene is not a reproductive toxin and does not cause birth defects.  |

### **SECTION 12: Ecological information**

12.1. Toxicity

| (s)-Methoprene Technical (65733-16-6) |  |  |
|---------------------------------------|--|--|
| LC50 Acute fish 1                     | 0.76 mg/l (Exposure time: 96h - Rainbow trout) |  |
| LC50 Acute fish 2                     | > 0.37 mg/l (Exposure time: 96h - Blue gill)   |  |
| LC50 Acute crustacea 1                | 0.11 mg/l (Exposure time: 96h - Mysid shrimp)  |  |
| LC50 Acute crustacea 2                | 0.36 mg/l (Exposure time: 48h - Daphnia magna) |  |
| NOEC Chronic fish 1                   | 0.048 mg/l (Fathead minnow)                    |  |
| NOEC Chronic crustacea 1              | 0.014 mg/l (Mysid shrimp)                      |  |

|                | 2.2. Persistence and degradability    |
|----------------|---------------------------------------|
|                | (s)-Methoprene Technical (65733-16-6) |
| esticide<br>or | Persistence and degradability         |
| c              |                                       |

| 12.3.    | Bioaccumulative potential  |
|----------|----------------------------|
| No addit | onal information available |

Safety Data Sheet

| 2.4. Mobility in soil                 |   |
|---------------------------------------|---|
| (s)-Methoprene Technical (65733-16-6) |   |
| Mobility in soil                      | Rapidly metabolized in soil under both aerobic and anaerobic conditions (half-life 10-14 days). |

12.5. Other adverse effects

No additional information available

## SECTION 13: Disposal considerations

13.1. Disposal methods

Product/Packaging disposal recommendations

: Dispose of content and/or container in accordance with local, regional, national, and/or international regulations.

| SECTION 14: Transport information |               |  |                               |               |                        |  |  |
|-----------------------------------|---------------|--|-------------------------------|---------------|------------------------|--|--|
|                                   | UN number     | Proper Shipping Name   | Transport hazard<br>class(es) | Packing group | Environmental hazards  |  |  |

### **SECTION 15: Regulatory information**

#### 15.1. US Federal regulations

| Distillates (petroleum), hydrotreated light (64742-47-8)  |  |  |  |  |  |  |
|---|--|--|--|--|--|--|
| Listed on the United States TSCA (Toxic Substances Control Act) inventory   |  |  |  |  |  |  |
| Butylated hydroxytoluene (128-37-0)   |  |  |  |  |  |  |
| Listed on the United States TSCA (Toxic Substances Control Act) inventory   |  |  |  |  |  |  |
| FIFRA Labelling   |  |  |  |  |  |  |
| EPA Registration Number   | 2724-427   |  |  |  |  |  |
| This chemical is a pesticide product registered by the United States Environmental Protection Agency and is subject to certain labeling<br>requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety<br>data sheets (SDS), and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced<br>below. The pesticide label also includes other important information, including directions for use. |  |  |  |  |  |  |
| FIFRA Signal word   | Caution  |  |  |  |  |  |
| FIFRA Precautionary Statement   | KEEP OUT OF REACH OF CHILDREN.   |  |  |  |  |  |
| FIFRA Hazards to Humans and Domestic<br>Animals   | Causes moderate eye irritation. Harmful if absorbed through skin. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse.   |  |  |  |  |  |
| FIFRA First Aid   | If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice. If on skin: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. If swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give ANY liquid to the person. Do not give anything by mouth to an unconscious person. NOTE TO PHYSICIAN: Contains petroleum distillate - vomiting may cause aspiration pneumonia. |  |  |  |  |  |

#### 15.2. US State regulations

No additional information available

| SECTION 16: Other information |                    |     |  |  |
|-------------------------------|--------------------|-----|--|--|
| Date of issue                 | : 13 November 2014 |     |  |  |
| 05/10/2019                    | EN (English US)    | 6/7 |  |  |

# **Diacon IGR** Safety Data Sheet
